THE MODEL ENGINEER

PAGES MISSING

Vol. 101 No. 2520 THURSDAY SEPT 8 1949 9d.

The North Wales Model Engineering Society

This society was formed about six months ago in this district, and so far several meetings have been held at which lectures have been given by members on such subjects as locomotive valve-gears and "OO"-gauge modelling. Tours have been arranged of Crewe Works and various local engineering undertakings. At the moment difficulty is being experienced owing to the pressure of outside work upon members caused by the seasonal nature of the occupations in this locality; but nevertheless it is planned to have an exhibition of members' models in shop windows for one week each at Llandudno and Colwyn Bay. It is also proposed to enter a club model of a steam tug for the next year's MODEL ENGINEER Exhibition. Anyone in this district who is interested is asked to contact the Hon. Secretary, A. P. Parke, Morwenna, Great Orme's Road, Llandudno.
